Overall Purpose of Job

Provide professional nursing skills in assessing, planning, implementing, and evaluating the nursing care for assigned patients and provide exceptional patient care in an environment where quality, respect, caring and compassion are at the centre of all we do.

Key Responsibilities and Deliverables

- Provide direct care to assigned patients.
- Take the nursing history, summarise data, and state nursing diagnoses and patient care needs.
- Observe and record signs, symptoms, and behaviours, including the physiological status of patients; present the assessment of changes, the proposed revision of interventions, and desired outcomes.
- Follows policy for activating an individualised plan of care for newly admitted patients.
- Deliver designated nursing interventions to assigned patients that are consistent with the stated medical plan of care.
- Perform admission, discharge and transfer procedures, and assist others with patient's activities and care.
- Execute physician’s orders for all assigned patients; safely and properly administer medications and treatments.
- Notify appropriate nursing and medical staff to changes in the patient's status.
- Independently perform duties and assume responsibility for care of assigned patients.
- Perform techniques and routines in the specialty service area.
- Perform or assist others to perform proper aseptic techniques, isolation procedures, and infection control measures.
- Document nursing care in all assigned patient records.
- Maintain patient’s privacy and confidentiality of information and records at all times.
- Evaluate care given including the patient response.
- Reassess and document the proposed revision of interventions and desired outcomes.
- Demonstrate ability to assess patient’s understanding of and compliance with instructions and health care teaching.
- Review documentation of instructions, teaching topics, and patient response with the Nurse Manager or designee.
- Adhere to internal controls established for department.
- Perform related duties as required.

Clinical Responsibilities

The post holder will be familiar with and adhere to *The Professional Scope of Practice Framework (An Bord Altranais 2000)*.

The post holder will ensure:
- The patient’s needs are individually assessed.
- A care plan and evaluation process is planned and implemented.
- The patient’s families and significant others are involved as appropriate.
- Patients are cared for in the optimum clinical environment, adhering to all nursing and hospital wide policies and guidelines.
- Full nursing participation in and supervision of patient’s meal and special dietary requirements.
• Visiting time policies are adhered to.
• Delegation is appropriate to the skill level and knowledge of the individual to whom the task is delegated.
• Documentation is recorded in a professional, legible and timely fashion.

The post holder will partake in the Total Quality Management processes thereby contributing to:
• The identification of quality, policy and guideline issues.
• The evaluation of current practices to best practice.
• The setting of standards utilising structure, process and outcome.
• All hospital, regional and national audit processes.
• The Hospital Wide Accreditation Cycle.
• Health Promotion initiatives.

Managerial Responsibilities
• The timely identification and communication of any issues to the Nurse Manager.
• Demonstrate a confidence and competence in all hospital policies and guidelines.
• Efficient recording of all necessary documentation.
• Effective management of complaints.
• Monitoring of all risk management processes.
• Maintaining effective interdisciplinary communication processes.
• Efficient utilisation of pay and non-pay resources.
• Deputise for the Nurse Manager as appropriate.
• Participate in all ward and hospital nursing communication.

Personal & Professional Responsibilities
The post holder is expected to:
• Attend in a timely manner all mandatory education sessions.
• Maintain a professional portfolio.
• Ensure their professional and personal persona positively reflects the profession of nursing and Beacon Hospital.
• Identify potential and beneficial topics for nursing research.
• Utilise all practical opportunities to educate the patient and their families.
• Attend appropriate study days or courses.
• Be a preceptor and or supervisor to students and newly appointed staff.
• Participate in their performance review with their Nurse Manager.

Educational Responsibilities
Under the direction of the Nurse Manager the post holder will:
• Develop teaching skills and participate in the planning implementation of orientation and teaching programmes for student nurses in the clinical setting.
• Provide feedback to Nurse Manager in the compilation of proficiency assessments for student nurses in the clinical setting.
• Contribute to the identification of training needs pertinent to the clinical area.
• Identify and contribute to the continual enhancement of learning opportunities in the clinical area.
• Participate in the clinical induction of all new nursing and support staff.
• Develop leadership ability in order to act as an effective role model.
• Assume responsibility for own learning and development needs.
• Other Duties and Responsibilities
• Utilise effective time management skills.
• Maintain professional appearance and dress code.
• Comply with guidelines for absence or tardiness.
• Attend staff meetings, reads email and other postings.
• Attend all required in-services.
• All employees are expected to remain flexible to meet the needs of the hospital, which may include floating to other departments to assist as the patient needs fluctuate.
• Wear Identification badge when working.
• Keep up to date with mandatory training such as Basic Life Support (BLS) and Advanced Cardiac Life Support (ACLS)
