## **Job Description**

Job Title	Clinical Coordinator for Anaesthetics/PACU
Department	Surgical Services
Reports to	Manager - Peri-Operative Services Clinical Coordinator - PACU & Anaesthetics
Date	July 2013

#### **Overall Purpose of Job**

Provide exceptional patient care in an environment where quality, respect, caring, and compassion are at the centre of all that we do.

#### **Key Responsibilities and Deliverables**

- The Clinical Coordinator for Anaesthetics/PACU is accountable for the management and coordination of all Peri-Anaesthesia nursing services, inclusive of Pain Management. The appointee is accountable to the Clinical Coordinator of PACU and Anaesthetics and Manager of Peri-Operative Services, with a dual reporting structure to the COO/VP of Operations and the Director of Nursing.
- He/She will coordinate and provide effective leadership within a multidisciplinary team.
- The Clinical Coordinator for Anaesthetics/PACU will encompass a major management, clinical and educational focus within the team and will facilitate and deliver quality patient care by effective and efficient management of resources; demonstrating professional leadership and clinical expertise. He/She will advance current nursing practice in accordance with ABA guidelines.
- The Clinical Coordinator for Anaesthetics/PACU will provide leadership for nursing staff and he/she will
  support and direct the professional development of all nursing and ancillary staff within the department
  in line with current and future service demands and advances within Peri- Anaesthesia nursing.
- The Clinical Coordinator for Anaesthetics/PACU will communicate with the Pain Management Service
  and provide support as required. He/ She may provide cover for the Pain Management Service in the
  absence of the Pain Management Nurse.
- The Clinical Coordinator for Anaesthetics/PACU will manage the day to day operational departmental issues as appointed by the Clinical Coordinator of PACU and Anaesthetics.
- The Clinical Coordinator for Anaesthetics/PACU will provide support and training of staff, assist to retain competent, compassionate staff while monitoring performance standards and promoting fair labour practices.
- Help promote a work environment that demonstrates caring by accessibility of safe equipment and adequate supplies in an efficiently arranged physical setting.

#### **UPMC Beacon Hospital**

- Identifies appropriate internal controls for department; provides mechanisms to monitor and enforce compliance.
- Participates in all regulatory and mandatory survey processes within the Hospital.
- Performs related duties as required.

#### **Working Environment**

- Work environment is located in a comfortable indoor area.
- Conditions such as noise, odours, cramped workspace and/or fumes could sometimes cause discomfort.
- Moderate to extreme physical effort may be required such as walking, standing and lifting materials, equipment, objects, and/or patients.
- Occasional lifting may be heavy and awkward, over 50 lbs.
- Vision, hearing, talking, and sense of touch abilities must be adequate enough to enable one to quickly and accurately perform tasks such as: reading small print, reading from monitoring equipment, defining details, sending and receiving clear and accurate verbal communication.
- Frequent periods of concentrated or focused attention will be needed to interpret visual, auditory, and sensory inputs.
- Shift work may be required.
- Alertness and careful attention to detail will be required to avoid injury.
- May be exposed to such occupational hazards as communicable diseases, radiation, chemotherapeutic agents, and disoriented or combative patients.
- May be required to be on standby and work extended shifts in situations deemed necessary by a designated Executive Director and/or Nursing Director.

#### **Communication and Accountability**

- Utilises effective time management skills.
- Participates in department problem solving and improvement of systems.
- Adheres to Standard Precautions as appropriate.
- The use of protective barriers as appropriate.
- Handling and disposing of infectious waste appropriately.
- Hand hygiene as appropriate.

#### **Interrelationships**

- Maintains good working relationships with other departments and with physicians, patients, families and outside agencies.
- · Communicates during the shift with the Clinical Coordinator for PACU and Anaesthetics, or in her absence with the Manager of Peri-Operative services and the COO and the Director of Nursing as required/appropriate.
- Demonstrates the ability to delegate tasks and responsibilities.
- Participates in ongoing consultation and collaboration with physicians and other care providers to maximize patient outcomes and unit specific goals.
- Participates in unit-based and interdepartmental QI activities.
- Demonstrates willingness to assist co-workers whenever needed.

July 2013

## **UPMC Beacon Hospital**

#### **Other Duties and Responsibilities**

- Utilises effective time management skills.
- Maintains professional appearance and dress code.
- Complies with guidelines for absence or tardiness.
- Attends 75% of unit staff meetings, reads email and other postings.
- Attends all required in-services and mandatory educational classes as needed.
- All employees are expected to remain flexible to meet the needs of the hospital, which may include floating to other departments to assist as the patient needs fluctuate.
- Wears Identification badge when working.
